

## “Daisy’s Doll House”

This is an opportunity to own a piece of history!

An original copy of the 1912 Lettie Lane Doll House has been painstakingly copied and printed professionally in a limited edition. Great attention to detail has been paid to render this copy faithful to the original. When assembled, the doll house is approximately 17 1/2” wide by 14” deep by 16” tall. The doll house has four interior rooms with furniture included for all rooms.

The doll house kit comes with full instructions, all the printed pages to make the doll house, furniture and lawn, as well as copies of the original instructions and what the assembled furniture looks like. In addition, each kit comes with a copy of the full color page from the November 1912 Ladies’ Home Journal, when the doll house was first introduced as a premium. This page is personally signed and numbered by Donelle Denery, who holds the 2011 copyright.
